

COVID 19 Daily Brief – 14th July

In today's brief:

➤ Location Updates

Location Updates

Each week we are required to report on our available staff and their location, particularly where occupying office or site locations, as well as working at home under C-19 arrangements.

To support this requirement, we have created a form on the web page to make collation and completion much simpler.

Please follow the link below and complete weekly (by Thursday of each week). Thank you.
