

Daily Brief 29th July

In today's brief:

- Use of Company Vehicles – Reminder
 - Mandatory Quarantine: Returning from Spain
 - Reminder: Availability for Work
-

Travelling in Works Vehicles

As a reminder:

- No personnel can travel in a OneAIM vehicle with others, unless they have had an instruction to do so by the Fleet Coordinator.
- Selection of vehicle, occupancy & seating arrangements is an agreed control measure, to ensure we have control on seating, worker bubble selection, cleaning and potential Covid-19 Track and Trace requirements.

All travel using multiple occupancy i.e. minibus etc also mandates that a face covering is worn. The driver is responsible for ensuring that face coverings are worn when embarking the vehicle prior to setting off.

Passengers must not attempt to change or select which van they travel in. Seating and travel arrangements will be identified by the Fleet coordinator. Suggestions for improvement can be raised via an observation card, or by speaking to their line manager

Supervisors and line managers are to cascade the Contract Brief issued today to their teams at the earliest opportunity.
